

British and Modern History Timeline

Starting with Neanderthal Britain, this timeline charts both the major historical landmarks and the events that are of particular interest to children, right up to the recent Coalition Government and birth of Prince George. Includes, all the major events in the new national history curriculum.

Learn more

Each A4 section of the timeline represents a period of history, such as: Stone Age, Tudors, 1950's. Each also contains a QR code, linking to an online resource, providing information about all the pictures, general information about the historical period and links to websites with even more specialized facts. (QR codes can be scanned using I-pads/tablets/mobile phones)
