

Role Play – Speaking & Listening – Creative Writing - Discussion

Outdoor/Indoor Theme Screens

Role Play Backdrops

Create life like play environments with these professional backdrops. Two large frames lock together to form a stable corner onto which the Themed Banners can be mounted to give a scenic background, giving role play added realism and creating opportunities for topics and discussion.

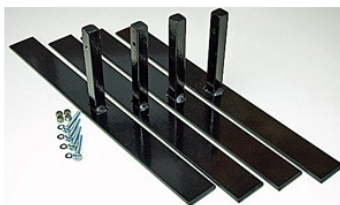

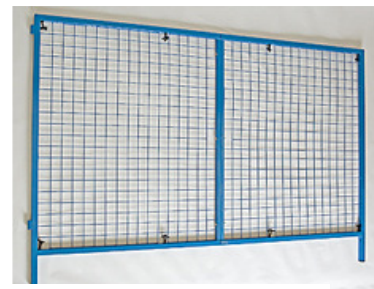

Alternatively, the banners can be mounted on an existing wall or corner. The banners are made from robust PVC and roll up into storage tubes when not in use.

With the option of additional feet, the screens can be used individually as stand alone screens or separately to widen the scope of the scene. Can be used indoors or outside. * Banner size : 176cm x 1010cm

Theme Screen Frames

The two frames lock together at right angles and the banners attach using elasticated toggles. Frame size : 120 x 180cm
(One frame only shown)

Code 267 £325.00 PAIR

Theme Screen Feet

With the addition of feet, the two frames can be used separately or in a straight line. (Not needed if frames locked together in right angled position)

Code 267a £59.99 SET of 4

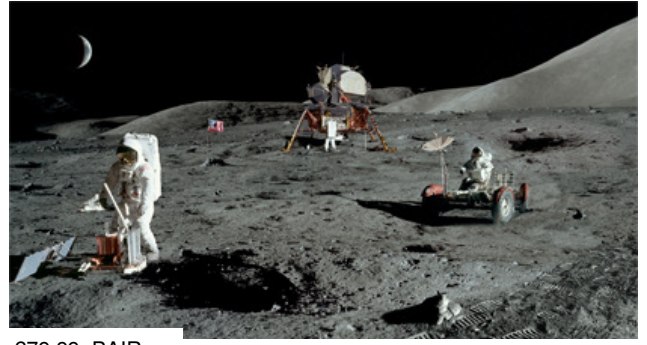

To Order : Tel/fax 01427 890977 Email : sales@learningwithlinden.com
